

**Enjoy Australia's Premier Dolphin Interaction Experience in the sheltered waters of
Koombana Bay, Bunbury**

- Immerse yourself in our captivating Discovery Room featuring a range of short films on our BIG screen and aquaria with fish species of the bay, some of which are part of a dolphin's diet!
- Book a Dolphin Watch Eco-tour to see the dolphins out on the bay from one of Naturaliste Charters eco-accredited vessels.
- Take a Swim-On-The-Wild-Side Tour with our Marine Biologist and experience the thrill of swimming with wild dolphins in their own environment.
- You may even encounter one of the Bunbury dolphins visiting the Dolphin Discovery Centre in the interaction zone at our very own beach.

ADMISSION \$4.00 Adults. \$2.00 Children and Concessions. AMAZING VALUE!

Open November to April: 8am to 4pm. May and October: 8am to 3pm. June to September: 9am to 3pm

Interaction Zone - Included in Admission Price

The zone is the area of shallow water located in front of the centre. Our visitors are encouraged to enter up to waist deep water where the dolphins can swim amongst the people. From there our volunteers will move some people into deeper water where the interaction experience is heightened by the activities of the dolphins swimming all around the people.

The Dolphin Discovery Centre encourages an interaction experience that is ecologically sound. The dolphin visits are initiated by these wild animals and can occur at any time of the day for between 5 minutes and 2 hours, but as the dolphins are wild, the Centre cannot guarantee visits on any particular day or at any particular time. Generally visits are most frequent between November and April and occur in the mornings between 8.00am and 11.00am.

Discovery Room & Theatre - Included in Admission Price

The Discovery Room consists of a fascinating series of interpretive panels about Koombana Bay's marine life and their environments, history, artefacts and sound devices. The jewel in the crown of the Discovery Room is a fully reconstructed dolphin skeleton surrounded by Perspex pictorial displays of a dolphin's features. We have also introduced two aquaria housing local fish species.

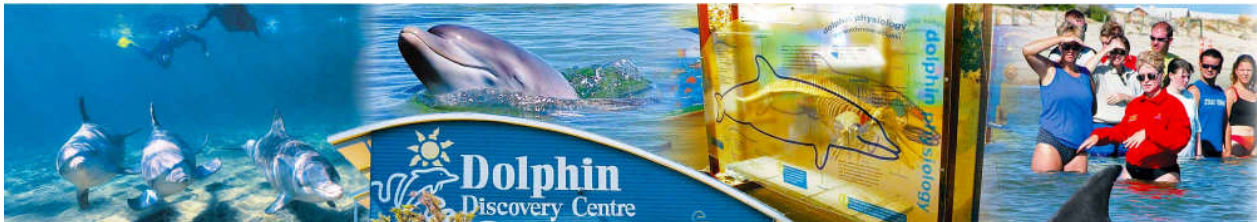

There is a BIG Screen Theatre that shows 4 short films. The films provide a wonderful insight into Bunbury's dolphins as well as giving visitors a sneak preview into whale strandings, the migration of Humpback Whales along the Western Australian coast and Whale Sharks off the Ningaloo Reef. New features are being introduced all the time so we suggest coming back regularly to keep up-to-date.

Dolphin Eco Cruises - Watching Tours

Our Dolphin Eco Cruises operate daily from the Dolphin Discovery Centre. The tours are run by Naturaliste Charters, Western Australia's most experienced marine mammal charter operator, and the only such operator that has tours running all year round. There are two tours available each day that depart, depending on numbers and weather conditions, at 11am and 3pm. Other tour times are also available on demand. The Dolphin Eco Cruises last for 1½ hours, and the prices are as follows:

Adults	\$41	Seniors/Students	\$35
Children (4 to 12 years)	\$26	Child Student (13 to 17 years)	\$30
Family (2A and 2C)	\$118	YHA & Backpackers	\$37

Rates include Admission to the Dolphin Discovery Centre

Swim Tours

The most exhilarating experience we have to offer at the Dolphin Discovery Centre is our Swim-On-The-Wild-Side tour. These exclusive Swim Tours are held from November to April inclusive. Clients will be given the opportunity to swim with the wild Bottlenose Dolphins in their own environment whilst guided by our experienced Marine Biologist and trained volunteers.

In April we operate one tour per day from 12.00pm to 3.00pm. In November we conduct two tours per day at 9.00am and 12.00 noon. For the remainder of the season (December to March) we run two tours per day commencing at 8:00am and 11:00am. We provide all equipment and take clients through our safety induction and info session. Following this information session the boat will depart from the Dolphin Discovery Centre. We are just 5 minutes from the area of Koombana Bay where the dolphins live and play. Once out in the bay, our marine experts will guide passengers into the open waters where the dolphins can initiate interaction with the swimmers.

The Swim tours are of 3 hours duration.

The cost of this unforgettable tour is: \$125.00 per person.

Cost of the tour covers the hire of snorkelling equipment, buoyancy vest, fins and a wetsuit. Refreshments and entry to the Dolphin Discovery Centre are also included in the price. For those not interested in partaking in the swimming for the cost of \$65 per person you can enjoy watching the experience from on board the vessel.

Conditions:

- All Tours are weather dependent.
- Swim Tours operate November to April.
- The dolphins of Koombana Bay are wild animals. There is no guarantee of a successful in-water interaction.
- All participants must be in good health and must sign the medical ailments checklist before undertaking the tour.
- A minimum swimming level is required.
- Minimum age for the swim tour is 8 years.
- Minimum 4 swimmers per tour.
- Maximum 15 swimmers per tour.
- 24 Hour Full-Fare Cancellation Policy applies

Bottlenose Café and Souvenir Shop

Our self-service Café provides delicious food that can be consumed in a relaxed atmosphere on our decking or inside the Centre.

The souvenir shop boasts a range of quality souvenirs and mementos as well as an ever-growing selection of local crafts and indigenous art.

Our Ecologically Sensitive Ethic

The Dolphin Discovery Centre is Australia's most ecologically aware dolphin interaction experience. We pride ourselves in providing wonderful experiences whilst minimising the impact on the dolphins and their environment. All our visitors can be assured their involvement at the Dolphin Discovery Centre is managed with the welfare of the dolphins as our primary concern.
